

## RAMZI BENZAQUEN

MANAGER

### Profile

Ramzi is part of the Transfer Pricing team. He has extensive experience in the development of Transfer Pricing, Financial-Tax Analysis and Company Valuation projects.

He is an Economist from the Pontificia Universidad Católica del Perú (PUCP) with postgraduate studies in corporate taxation at ESAN, and also has specialization in international tax law and transfer pricing at the Universidad Austral.

He has more than twelve years of experience in the development of projects related to documentation, consulting and audit procedures on Transfer Pricing for corporate groups in various economic sectors. He has been involved with many business and intangibles valuation projects.

He has previously worked as a transfer pricing manager at PwC, and as a senior consultant at Grant Thornton and TP Consulting. As such, he has been responsible for both local and international transfer pricing projects.
